

Our future depends on it.

*Richmond FarmWatch urges **bold answers** like these:**

1: Maximum farm home plate? **Other. 1000 m²**

2: Septic system within farm home plate? **Yes.**

3: Limit house footprint? **Yes.**

4: Increase house height? **No.**

5: Reduce house size for properties 0.2 ha or larger? **Yes.**

6: Appropriate limit for farmhouse size? **Other. 3,200 ft² (300 m²)**

7: What should other levels of government do?

A few examples:

Apply the foreign buyers' tax to farmland!

Strengthen the ALR.

Stop farmland speculation.

Help new farmers get into farming.

Protect farm leasers from owner-predators!

Discourage land investors from buying up farms.

Step up Agricultural Land Commission enforcement.

Clarify that houses in the ALR are required to be for farm use.

* **The Richmond Farmland Housing survey will be open at LetsTalkRichmond.ca until the end of Sunday, February 18, 2018.**
