

OS PERMACULTURE DESIGN

JUNE 2, 2018 11:00 AM - 5:30 PM

Join us for a uniquely creative social permaculture day with a focus on community currency, design for resiliency and placemaking.

Open to anyone who considers themselves a part of the ecological, permaculture or transition movement.

Bruno Vernier is a polymath grandfather who has combined a Mathematics degree, Compassion, Ethics and an Advanced Permaculture Diploma into a creative-commons workshop on community currencies (the permaculture of money). www.permametrics.org

Delvin Solkinson is a graduate student of permaculture education with a Masters Degree from Bill Mollison, has taken over 20 Advanced Courses worldwide and is a registered teacher through the Permaculture Institute, Permaculture Association and Permaculture Research Institute. www.dewpermaculture.com

Kym Chi is a dedicated advocate of Earth stewardship, people care and regenerative action for resilience. She is a student and teacher of Permaculture, runs her own healing practice and works with plant medicine on the Sunshine Coast. www.gigglingchitree.com
